Key Tables

See finance/01-09 for full inventory, development cost, free-tier exposure, operating budget, AI unit economics, profitability scenarios, break-even, forecast and controls.

Recommendations

Keep Ollama primary, enforce Free 3 lifetime, add annual 15% discount, monitor token telemetry, upgrade Resend at 100/day cap.

What remains unknown

Actual Supabase paid status, OCI VM active, Resend daily usage, OpenRouter balance, founder hours precise.
